Communities

Strength to Families
Since 1942

Healthy Individuals and Families :

The Family Centre draws on a variety of clinical and therapeutic interactions to support and strengthen individuals and families at all stages of life as they resolve personal and relational issues.

- **6,801** persons benefited from counselling and therapy
- **2,774** individuals received community based family and youth services
- **1,977** family members were assisted by home support
- **8,065** individuals participated in educational opportunities
- **4,089** families connected to services through the assistance of an interpreter

Healthy Homes, Schools and Workplaces:

During 2006-07 *The Family Centre* helped individuals learn to navigate change, build positive peer relationships, and gain confidence in their personal abilities.

- **886** children and their families received support and counselling in the school setting
- **115** children and youth were assisted to develop a safe and caring home
- **Hundreds** of individuals received critical incident stress debriefing or workplace management on the job site

Healthy Neighborhoods and Communities:

On a broader scale *The Family Centre* collaborates with government, social serving agencies and organizations. Whether the role is one of partner, catalyst, or consultant *The Family Centre* is committed to helping the community establish solid and safe environments.

Special Thanks

Many individuals and services assist *The Family Centre* in delivery of service. This year we especially thank the following for their donations and assistance.

Jodie and Todd Geib
Norm Schwindt

Staff and Volunteers

The Family Centre employs more than 400 dedicated people who help strengthen our ability to serve families.

We appreciate their devotion and professionalism. Each day these professionals are challenged to help families discover their own strengths and options in a way that is empowering. They approach their demanding work with careful persistence, uplifting energy and a clear understanding of what is at stake for people coming to the agency.

Our support and administrative staff also advance *The Family Centre* mission by providing the efficient infrastructure required to support our direct services.

Volunteers and students completing professional practicums complement the work of our staff. During 2006 close to 60 individuals gave generously of their time and distinct skills, to round out the services offered to clients.

We Are Accountable

A volunteer Board of Directors governs *The Family Centre* with no financial interest in the organization. Their governance ensures services are relevant to the community and are provided effectively, efficiently and in accordance with the values of the agency.

We undergo rigorous examination by independent reviewers to ensure we are operating to standards of excellence and as a result we are accredited by the *Canadian Family Services Accreditation Program*, the *Employee Assistance Society of North America*, and certified by the *Alberta Association of Services for Children and Families*.
